Letter from the President & CEO and Chairman

NOVEMBER 2020

Dear friends of the U.S. Soccer Foundation,

This year has been challenging for everyone. As the world and our country grapples with the COVID-19 pandemic, and its devastating human, economic, and negative social consequences, we have worked hard to think in new ways, adapt, and continue our work, which is even more vital than ever.

These current events only serve to underscore the importance of our mission. For more than 25 years, our U.S. Soccer Foundation team and partners have been working to grow the game of soccer. Our mission today is focused on underserved communities, as we work hard to address a number of societal issues—including the lack of recreational facilities, organized sports programs, and health, wellness, and mentorship opportunities in underserved communities.

We remain fully committed to our mission today. We continue to safely install mini-pitches at schools, parks, and youth centers that will be ready for children when it's safe to play again. This past year, in spite of

COVID-19, we installed 100 mini-pitches in 40 communities. During the fall 2019 season, we engaged 62,000 children in *Soccer for Success*.

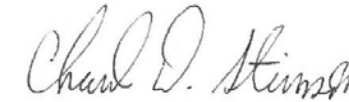

We also worked with new partners to engage more young girls and women in the game as players and coach-mentors through *United for Girls*.

When schools closed this past spring, our team quickly responded by launching *Soccer for Success* at Home, an online hub complete with videos and resources for children and families to use at home. Our team also spent the summer adapting our *Soccer for Success* curricula so that our coach-mentors can run the program virtually and in socially-distant settings.

We continue to use soccer to improve the long-term physical and emotional health of our children—something that is needed now more than ever. Thanks to supporters like you, we know that we will get through this tough time. And together, we will continue to use soccer to build a healthier, brighter, and better future for children.

Ed Foster-Simeon
President & CEO

Charles "Cully" Stimson
Chairman

FY20 in Review

JULY

- U.S. Soccer Foundation hosts its annual *Soccer for Success* National Training in Washington, D.C. for 130 participants representing 51 *Soccer for Success* programs across the country.
- U.S. Soccer Foundation announces partnership with Musco Lighting, Energy Assist Foundation, Fields & Futures, and 7-Eleven to create 10 mini-pitches in support of Oklahoma City Public Schools' Pathway to Greatness initiative.

SEPTEMBER

- In partnership with Musco Lighting, U.S. Soccer Foundation unveils new state-of-the-art Mini-Pitch System™ modular sports solution, which comes complete with benches, fencing, ADA-accessible gates, and lighting to extend hours of play.

OCTOBER

- U.S. Soccer Foundation opens 10 mini-pitches in New York City, marking a total of 30 mini-pitches that have come to all five boroughs through the New York City Soccer Initiative.

DECEMBER

- U.S. Soccer Foundation celebrates the two-year anniversary of *It's Everyone's Game*.
- U.S. Soccer Foundation announces new mini-pitch initiative in Houston. Funded by Houston Dynamo owners Jake Silverstein and Ben Guill, the partnership will see 15 mini-pitches come to the Greater Houston area over five years.

JANUARY

- U.S. Soccer Foundation, Musco Lighting, and United Soccer Coaches donate a mini-pitch to the City of Baltimore during the United Soccer Coaches Convention.

FEBRUARY

- The DICK'S Sporting Goods Foundation joins the U.S. Soccer Foundation's *United for Girls* effort as a presenting partner in a three-year, \$5 million partnership.

APRIL

- In response to the COVID-19 pandemic, U.S. Soccer Foundation launches *Soccer for Success* at Home, an online hub offering kids and their families fun drills, activities, and useful tips to stay active and healthy while schools and after-school programs are closed. Resources are distributed to more than 275,000 families.

2019

2020

It's Everyone's Game

December 6, 2019 marked the second anniversary of the launch of *It's Everyone's Game*, the U.S. Soccer Foundation's movement focused on increasing access to soccer in underserved areas. By 2026, the Foundation aims to serve one million youth in high-quality soccer programming and create 1,000 mini-pitches nationwide in support of these efforts.

The success of the movement would not be possible without the Foundation's national partners—adidas, Major League Soccer, Musco Lighting, and Target. This year, they helped make soccer everyone's game by...

ADIDAS

...expanding access to soccer and Safe Places to Play mini-pitches in New York City and Los Angeles.

MAJOR LEAGUE SOCCER

...helping the Foundation expand access to Soccer for Success and creating mini-pitches in MLS club markets.

MUSCO LIGHTING

...creating a Mini-Pitch System™ modular sports solution to extend the daily hours of play.

TARGET

...creating 28 new mini-pitches in the Baltimore, Bay Area, Denver, Orlando, Philadelphia, St. Paul, and Washington, D.C. metro areas.

Soccer for Success

NATIONAL TRAINING

The U.S. Soccer Foundation's Soccer for Success program, offered free to participants and led by trained coach-mentors, incorporates health and wellness education and helps kids develop critical life skills in addition to teaching soccer fundamentals. The result? Kids are healthier, more active, and have the tools they need to succeed both on and off the pitch.

Each year, the U.S. Soccer Foundation hosts individuals from across the country for National Training. From July 11 to July 14, 2019, they learned the new Soccer for Success curriculum through a combination of on-field demonstrations, activities, presentations, and classroom-style learning. At the end of the weekend, 130 participants representing 51 Soccer for Success programs across the country became certified to collectively train a total of 5,000 Soccer for Success coach-mentors.

“

It is really special for me to be a part of this...It's been really fun learning from the facilitators, but it's actually been really fun learning from my colleagues here too because everyone has their own little tricks of the trade.”

- KALEY MIALKI, UNIVERSITY OF FLORIDA/IFAS EXTENSION

“

I feel very lucky to be part of this movement...I feel very thankful to my organization that trusts the selected few to make it out and be part of the cause, the movement, to make this awesome game available to multiple communities, particularly communities that are underserved that we know can benefit so much.”

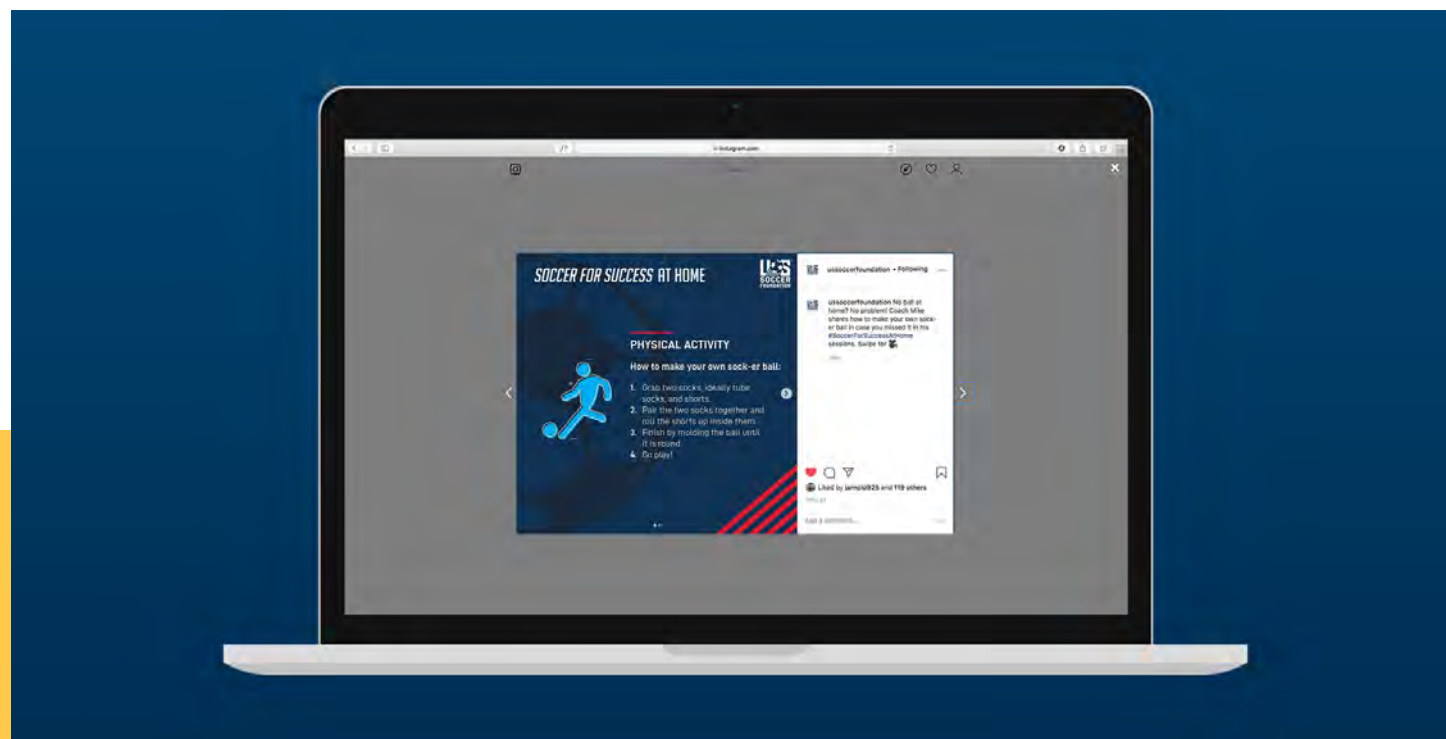

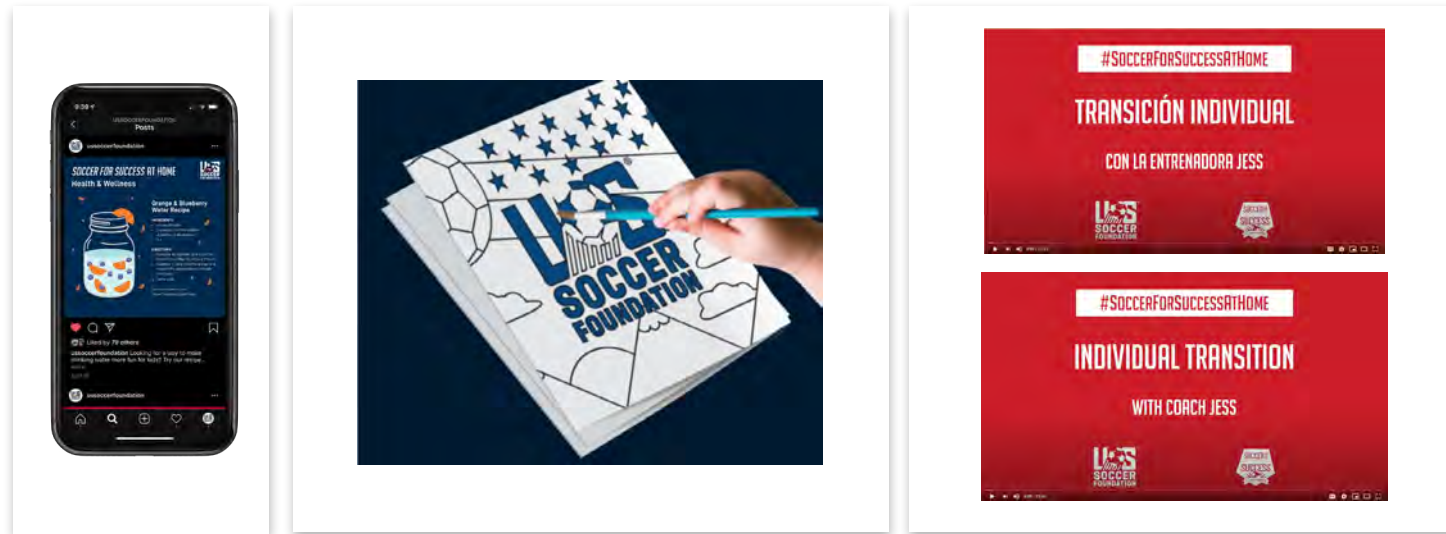

- ISMAEL CANDELAS, THINK TOGETHER

Soccer for Success

SOCCKER FOR SUCCESS AT HOME

As a result of the COVID-19 pandemic, Soccer for Success looked a bit different during the spring 2020 season. To keep children and families active while at home, the U.S. Soccer Foundation launched Soccer for Success at Home. Each week, the team created and distributed a Spanish and an English video and flyer that included helpful activities

and resources. These resources, activities, tips, and more were also hosted on an online hub. The virtual program ran for 12 weeks, the same length of a normal season, and each week incorporated the program's five components: physical activity, mentorship, health & wellness, safe spaces, and community engagement.

Resources distributed to more than **275,000** families

“

We are developing plans to engage kids in sports and activities at home during this crazy period and one of the sports we need the most help on is soccer. It will be amazing to share this with kids in our service area.”

—YMCA OF THE NORTH SHORE

“

We appreciate the resources. We are putting these videos on loop via the local cable provider so that our young learners around the school district who do not have reliable high speed internet service, can see the content and take part.”

—ALEXANDRIA CITY PUBLIC SCHOOLS

“

At first, we did not know what to do to comfort our 80,000+ members. We looked at numerous websites and attended countless webinars. The Foundation information was so meaningful that we decided to share it not only with our Soccer for Success family but through our website with all of our members.”

Safe Places to Play

Mini-Pitch System™

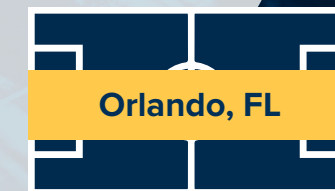

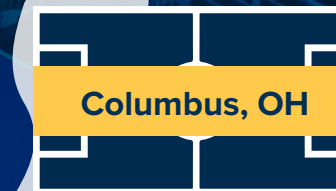

On September 18, 2019, the U.S. Soccer Foundation unveiled a new and enhanced Mini-Pitch System™ designed for youth soccer.

The Foundation unveiled the new design during a mini-pitch grand opening event at Reynolds Middle School in metropolitan Portland. Gifted by the W.J. Silverstein Family Trust, this mini-pitch marked the third to be installed in the Portland area by the U.S. Soccer Foundation in collaboration with the Trust.

The new mini-pitches – designed by the U.S. Soccer Foundation and Musco Lighting – are complete with lights to increase the number of hours kids and adults can use the space, benches to watch the play unfold, and lockable storage for equipment. The mini-pitch system is customizable to fit into areas where space is at a premium and helps provide safer and accessible play spaces for kids and communities to gather.

Ahead of this September announcement, **more than 15** of the new mini-pitch systems had already been installed in **Cincinnati, Columbus, Dallas, Manchester, Newark, Oklahoma City, Orlando, and Phoenix.**

New mini-pitch systems were later installed in **27 communities** before the close of the Foundation's 2020 fiscal year.

Safe Places to Play

Creating Safe Places to Play

Throughout the 2020 fiscal year, the U.S. Soccer Foundation installed 100 mini-pitches across the country. Check out some highlights:

WEBSTER MIDDLE SCHOOL Oklahoma City, OK

In partnership with Fields & Futures and the Energy Assist Foundation, the U.S. Soccer Foundation will install 23 mini-pitches across Oklahoma City by the end of 2021. Webster Middle School is one of the 11 completed mini-pitch projects to date.

VINCENT BELL PARK Gardena, CA

Alex Morgan unveiled this mini-pitch, funded in her honor by POWERADE, in November 2019. This is the first of three mini-pitches that the U.S. Soccer Foundation and POWERADE will install in the home markets of current U.S. Women's National Team stars.

EAKIN ELEMENTARY SCHOOL Columbus, OH

The Columbus Crew SC Foundation, Columbus City Schools, Columbus Recreation and Parks, and the U.S. Soccer Foundation partnered to create this mini-pitch at Eakin Elementary School. This new safe soccer space has allowed the school to host the Foundation's *Soccer for Success* program.

GOSSLER PARK ELEMENTARY SCHOOL Manchester, NH

This project was completed in May 2020 in collaboration with Southern New Hampshire University (SNHU), the City of Manchester, and the Manchester School District and was the second project funded in the home city of SNHU over a nine-month span.

NEPTUNE MIDDLE SCHOOL Kissimmee, FL

Target and MLS WORKS came together at the 2019 MLS All-Star Game to support this double mini-pitch project at Neptune Middle School in collaboration with The School District of Osceola County. This was the site of the MLS WORKS + Target All-Star Community Day, a free event which featured soccer clinics conducted by Orlando City affiliated coaches, soccer skill activations, music, refreshments, giveaways, customized merchandise, and an educational garden project.

USHER-COLLIER ELEMENTARY SCHOOL Atlanta, GA

This was the first mini-pitch made possible through the U.S. Soccer Foundation's partnership with The DICK'S Sporting Goods Foundation. Over three years, 15 communities across the country will receive mini-pitches through this collaboration.

Mini-pitch projects like these would not be possible without the support of the Foundation's mini-pitch partners: Ace Surfaces, APT, AstroTurf, CHA, Kwik Goal, Musco Lighting, Sport Court, Stencil Masters, and TGI Worldwide.

Safe Places to Play Grants

Safe Places to Play lighting grant recipient FC Pride breaks ground (Indianapolis, IN).

The U.S. Soccer Foundation awards *Safe Places to Play* grants on a rolling basis to support field-building initiatives and enhancements nationwide. Thanks to the Foundation's partners, eligible organizations are awarded grants to fund these field-building enhancements.

Special thanks to the Foundation's grant partners — AstroTurf, Hunter Industries, Musco Lighting, and Sport Court — who make these projects possible.

United for Girls

In February 2020, The DICK'S Sporting Goods Foundation announced a \$5 million commitment to the *United for Girls* initiative to help the U.S. Soccer Foundation increase opportunities for girls and young women to benefit from soccer. The goal of the three-year partnership is to engage 100,000 girls in the U.S. Soccer Foundation's programs and double the number of female coach-mentors.

Funding will also support the creation of 15 new soccer mini-pitches in underserved communities. These inclusive, safe spaces will encourage increased soccer participation for both girls and boys.

This announcement was made at the DICK'S Sporting Goods Here for Her Summit in New York City as part of the company's effort to champion women and girls in sports and fitness. The summit included panel discussions with influential female athletes and leaders—including Cathy Engelbert, Jennie Finch, Katie Holmes, Sydney Leroux Dwyer, and Elaine Welteroth—about the powerful role sports plays in girls' lives.

“

Coaches have the ability to inspire, and as a little girl, I never even questioned the power of the woman.

– Katie Holmes

In the News

From mini-pitch openings to *United for Girls* events to stories about *Soccer for Success*, the U.S. Soccer Foundation was featured in a host of media outlets this year.

ESPN

Pushing for Equality

In an article exploring systemic racism and inequalities in the sport of soccer, ESPN's soccer correspondent Jeff Carlisle sat down with U.S. Soccer Foundation President & CEO Ed Foster-Simeon to talk about how the soccer community can address some of these longstanding inequities through access to the game.

USA TODAY

A New Signature Mini-Pitch in LA

USA Today's Josh Peter covered the opening of U.S. Women's National Team star Alex Morgan's signature mini-pitch at Vincent Bell Park in Gardena, CA. At the event, Morgan participated in a first kick and scrimmages with the soccer team from Gardena High School.

SPORTS BUSINESS JOURNAL

Making Soccer More Accessible in Greater Houston

Sports Business Journal's Mark J. Burns published a piece on Dynamo owners Jake Silverstein and Ben Guill funding the creation of 15 mini-pitches in the Greater Houston area over the next five years. Former Houston Dynamo legend DaMarcus Beasley will work closely with the team and Foundation on the project.

GOOD MORNING AMERICA

Celebrating Women in Sports

To mark National Girls and Women in Sports Day, Good Morning America featured U.S. Soccer Foundation's partnership with The DICK'S Sporting Goods Foundation to expand opportunities for girls and female coach-mentors through the *United for Girls* initiative.

Donors

Thank you, U.S. Soccer Foundation supporters, for your generosity. Because of your continued support, we were able to continue our work to bring soccer and its many benefits to more children and more communities across the country.
